Sign Up: New Middle School Elective Opportunities!

CSSE is very excited to announce that we will be able to offer new electives to the middle school students for the 2017-2018 school year. A few of the new electives are Engineering Fair/Science Fair, Music Appreciation, Art (different art mediums each semester), Cooking, Leadership, Exploratory Science, Speech, Study Skills and Yearbook. Next week, please be looking for a form that will go home with students in grades 6-7. They will be able to fill out their preferences for first semester. Students are not guaranteed their first choice, and older students will be given first pick of electives. Fifth grade (incoming 6th graders) will not be receiving a form, as these students will all be taking study skills first semester. This form will be due Friday, May 26. If the form is not received by this date, the electives will be chosen for the student. Although staff members will be the main instructors for these electives, we would like to have volunteers to help in the various classes. If you are interested in volunteering, please contact Susan Ison sison@steugeneschool.org.
